TOUR HIGHLIGHTS

Join your fellow planners, developers, legal professionals and designers on a fully-guided 18 day study tour of the highlights of China. An English/ Chinese speaking World Expeditions guide and two leading Victorian planning consultants will escort the tour throughout, ensuring the maximum benefit is derived from the experience both professionally and personally.

Tour delegates will meet with local and international developers, consultants, officials and designers, to learn about and exchange experiences in planning, urbanisation, housing design, retail and tourism development, market trends, sustainability and innovation. While providing an extensive and well-researched, professionally rewarding itinerary, there is time during the tour to network with colleagues and incorporate individual requirements.
