

The Victorian Planning & Environmental Law Association, in conjunction with the Young Professionals Group sponsors presents:

City Shaping Transport Projects: Insights into Metro Tunnel & North East Link

Melbourne is experiencing unprecedented growth in the number and scale of its major transport infrastructure projects. Each of these projects are needed to allow for Melbourne's current and future growth, but they each face a complex series of challenges from conception through to delivery.

VPELA is excited to present two leaders from the Melbourne Metro Rail Authority and North East Link Authority who will share their experiences of what it is like to manage projects of this scale. Katie Watt from the North East Link Authority will provide a valuable insight into planning for the 'missing link' in Melbourne's freeway network and Lachlan Lee-Archer from the Metro Tunnel Project will explain the unique experience of building new train stations through the heart of the CBD.
